A high-contrast, black and white halftone graphic of a stylized figure, possibly a deity or a person in traditional attire, standing and holding a long staff or object. The figure is composed of a grid of dots, with a larger grid forming the background. The figure's head is turned slightly to the left, and it appears to be wearing a headdress. The overall style is reminiscent of a woodblock print or a traditional textile design.

The image is a black and white halftone graphic. It features a dense grid of Chinese characters, likely from a font like SimSun or FangSong. The characters are arranged in several distinct columns and rows, creating a textured, almost abstract pattern. Some characters are clearly legible, while others are partially obscured or merged into the background. The overall effect is reminiscent of a dot matrix printer or a high-contrast photocopy.
